

Secure DentalOne

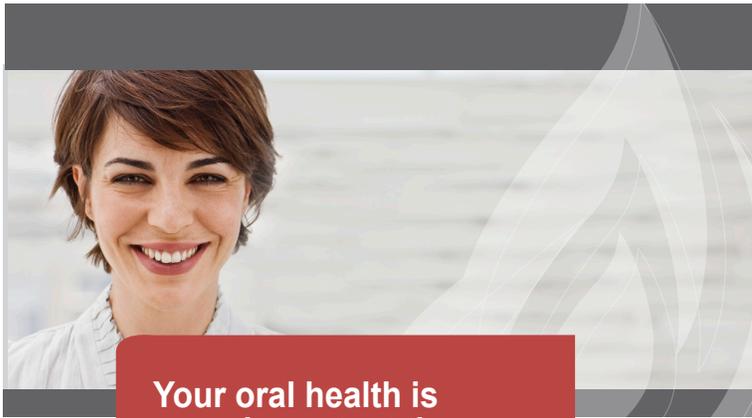

Dental insurance for
individuals and families

Secure DentalOne is underwritten by Standard Security Life Insurance Company of New York, a member of The IHC Group, and available to members of Communicating for America, Inc.

Refer to a separate brochure for residents of Georgia, Idaho, North Carolina and Texas.

Your oral health is more important than you may realize.

Regular dental checkups can help with the early detection of serious medical conditions such as lung and heart disease and diabetes.*

Dental insurance can help cover the cost of exams and procedures, while promoting more frequent visits, ultimately keeping you healthier. Secure DentalOne offers quality, affordable dental insurance for your entire family.

Secure DentalOne gives you the coverage you need with three affordable plan options.

BasicOne is a preferred provider plan with thousands of network dental providers nationwide. This plan includes benefits for preventive care with no waiting period or deductible. Although not covered under the plan, a discount may be available at network providers for diagnostic, basic and major services.

ClassicOne is a traditional plan that provides you the freedom to choose any dentist. This plan features a lifetime deductible and no office copay. Benefits for preventive and diagnostic care are available from day one. Coverage for basic and major services is available after a short waiting period.

PremierOne is also a traditional plan that features no waiting periods with the highest calendar-year benefit. After a \$100 lifetime deductible, preventive and diagnostic services are paid at 100 percent. The coinsurance for basic and major care increases each year your plan is in force, through year three.

Preferred provider organization (PPO) plan

BasicOne	
Office copay	None
Deductible	None
Coinsurance	
Preventive	80%
Diagnostic, Basic and Major	Not covered
Calendar-year maximum	None
Waiting periods	None

BasicOne utilizes the DenteMax network.¹ When you use a network provider, benefits are applied to the entire amount charged by the provider. However, when services are received from providers outside of the dental network, charges in excess of the network reimbursement level are not covered. A discount may be available for diagnostic, basic or major care if these services are received at network providers. Discounts are available at the provider's discretion in states where not prohibited by law. Visit www.dentemax.com to find a dentist in your area.

Traditional plans

	ClassicOne	PremierOne
Office copay	None	\$10
Lifetime deductible, per person	\$100	\$100
Coinsurance		Year 1/Year 2/Year 3
Preventive	80%	100%
Diagnostic	80%	100%

OrthoCare

OrthoCare is an optional discount program that may provide savings of 15 to 20 percent on services performed by a contracted OrthoCare orthodontist.

The OrthoCare program is not an insurance benefit. It is not affiliated with Standard Security Life Insurance Company of New York or a part of the Secure DentalOne insurance plan. The OrthoCare program is not available in all states.

Plan information

This brochure provides a brief description of the benefits, exclusions and other provisions of the Master Group Dental Policy SSL ADEN-POL 0606 issued to Communicating for America, Inc. For complete details, please refer to the Group Dental Insurance Certificate (SSL ADEN-CER.001 0606). Benefits may vary by state. Secure DentalOne may not be available in all states.

Eligibility

Secure DentalOne is available to applicants aged 18 and older, their spouse, and dependent children under the age of 26.

Effective date

The plan will be effective the first of the month following request for coverage, or a future selected effective date not more than 60 days following enrollment.

Covered charges

Expenses must be medically necessary and incurred by a covered person while the plan is in force. A covered procedure must be performed by a licensed dentist acting within the scope of her or his license, a licensed physician performing dental services within the scope of her or his license, or a licensed dental hygienist acting under the supervision and direction of a dentist.

BasicOne

Covered charges are subject to the network reimbursement level that varies based on the dental service provided and geographic area in which it is received.

ClassicOne and PremierOne

Covered charges are subject to the Reasonable and Customary Charge which is the most common charge for similar professional services, drugs, procedures, devices, supplies or treatment within the geographic area in which the charge is incurred.

Coordination of benefits

Secure DentalOne will coordinate with any other group, blanket or franchise plan under which an individual will receive benefits.

Alternate benefits

If we determine that a less expensive service or supply can be used in place of the proposed treatment, based on broadly accepted standards of dental care, benefits are limited to the Reasonable and Customary Charge for the least expensive alternative treatment.

Predetermination of benefits

Except in an emergency, before a covered person may begin treatment that will cost more than the predetermination amount shown on the schedule of benefits, the dentist must submit a claim describing the treatment necessary and the cost. An estimate of the benefits payable will then be prepared and submitted to you and your dentist. This estimate is not a guarantee of payment. We will still consider a claim for which the covered person has not obtained prior approval; however, the claim will be subject to reduced benefits based on the Reasonable and Customary Charge, and medically necessary treatment.

Exclusions

The following is a partial listing of exclusions from coverage. Please consult the Certificate of Insurance for a complete description of the charges, services and supplies excluded from coverage. Benefits will not be paid for dental expenses arising from or in connection with:

- Treatment, services or supplies which:
 - Are not medically necessary
