Summary of Benefits

Why CrewSelect International

IMG truly understands the needs of marine captains and crew. Through this understanding we developed the two international health care plan options of CrewSelect International. Each one provides an assortment of benefits all designed to accommodate your individual or group needs. Both plan options allow you to pre-designate one of three currencies for payment of premium and receipt of benefits. Your benefits will be paid in the same currency that you select for payment of premium. Additionally, you have a variety of excess (deductible) amounts from which to choose.

Standard - The CrewSelect International Standard plan option fits the needs of the crew member who demands a full range of benefits. Its extensive benefits provide first-rate international medical coverage as well as aid in reducing out-of-pocket expenses.

Elite - The CrewSelect International Elite plan option provides higher limits and enhanced benefits. Additionally, it provides Dental Care, Normal Pregnancy and Delivery, and Vision benefits.

Special Marine Benefits for Both Options Include:

- Amateur Sailboat Racing Coverage
- Recreational Water Activities Coverage
- Special Crew Member Return Benefit
- Lost/Theft of Luggage/Personal Papers
- Scuba Diving to 30 meters
- Trip Interruption
- 3 Pre-designated Currencies
- Out-of-Country Legal Expense

Optional Benefits

CrewSelect International is designed to protect individuals and groups from the high costs of medical expenses. In addition to each plan option's benefits, you may also add optional term life and daily indemnity benefits.

Global Term Life InsuranceSM

This provides protection following a traumatic loss. It also includes Accidental Death and Dismemberment (AD&D) coverage for no additional cost. AD&D is paid in addition to any amount paid by Global Term Life Insurance and can double the amount of the benefit.

Global Daily IndemnitySM

Insuring your life and health reduces the burden of unforeseen financial liabilities due to an illness or accident. Unfortunately, obligations and bills continue even during a hospital stay. The Global Daily Indemnity plan is an excellent way to offset these expenses.

➤ **For a breakdown of the plan benefits, please refer to the schedule of current benefits and optional benefits inserts in the back of the brochure.**

Emergency Evacuation

Emergency Medical Evacuations

During a medical emergency, access to qualified treatment is an immediate concern. For these situations, CrewSelect International includes Emergency Medical Evacuation. This coverage is available when there is not a qualified facility in the immediate area to treat your life-threatening illness or injury.

Emergency Medical Evacuation is covered to the nearest qualified medical facility or to the nearest qualified medical facility in the insured's home country provided that any additional travel time to the insured's home country will not cause detriment to his/her health as determined by the treating physician.

An Emergency Reunion lifetime benefit is available to cover the travel/lodging expenses of a relative or friend during an Emergency Medical Evacuation. Expenses for repatriation of bodily remains or ashes to the insured's country of citizenship for death resulting from a covered injury or illness are covered.

How the Evacuation Process Works

Emergency Medical Evacuation benefits under the plan provide access to care when you need it most.

During the Emergency:

- ▶ IMG will coordinate evacuation to a qualified facility equipped to handle your illness or injury.
- ▶ A team of pilots and medical professionals will transport you and a family member (if there is room available), while arrangements for your arrival are being made with the receiving hospital.

Once at the Receiving Hospital:

- ▶ IMG will continue to monitor your treatment and communicate with the physicians and your family members.

To be eligible, the evacuation must be recommended by the attending physician in life-threatening situations, and approved in advance and coordinated by IMG. IMG is available 24 hours a day, 7 days a week to arrange emergency medical evacuations.

IMG's medical staff is available 24 hours to approve, certify and coordinate medical evacuations

Plan Procedures

Precertify Your Treatment

Prior to receiving treatment you may need to contact IMG to precertify your treatment and/or for verification of benefits. Precertification means calling IMG's Utilization Management and Review company to receive a determination of medical necessity for the proposed treatment or services.

You may also initiate precertification online at www.imglobal.com. It is important to note that precertification is only a determination of medical necessity, not an assurance of coverage, verification of benefits or a guarantee of payment. Precertification may be undertaken by you, the doctor, a hospital administrator or a relative.

The following treatments and services must be precertified or certain reductions in benefits may result:

- Any surgery or treatment requiring hospitalization
- Outpatient surgery
- Durable medical equipment including artificial limbs
- Home nursing care
- Care in an extended care facility
- Transplants
- Within 48 hours after an emergency admission to the hospital

Verification of Benefits

Verification of benefits is the process of verifying your general coverage and the available benefits under the plan. You may do this by contacting IMG's Customer Care department whether or not your treatment or services require precertification.

Verification of benefits is not a guarantee of payment or assurance of coverage, and all medical expenses must meet eligible payment guidelines in accordance with the terms and conditions of the plan. While precertification and verification of benefits are separate determinations, both are made in reliance on the completeness and accuracy of the information provided by you and your health care providers to IMG.

Plan Procedures

Claims Procedures

When you receive treatment, original itemized bills must be received by IMG within 90 days of services. As a courtesy, claims may be paid in selected alternate currencies by electronic bank wire. Please see the Claim Form for more information and conditions of this service.

Claim Filing Alternatives

Direct Payment to providers- In many cases IMG works with the hospital or clinic as an accommodation, including those outside the independent PPO, for direct payment of eligible medical expenses on your behalf. To be eligible to have a claim paid in this fashion, you or the

provider must complete a Claim Form and submit it with original itemized bills. In this case, you will be responsible for direct payment of your deductible, coinsurance amounts and non-eligible expenses and charges.

Reimbursement - If you have received treatment and need to be reimbursed for out-of-pocket medical expenses, complete the Claim Form and submit your original itemized bills and paid receipts within 90 days. We will reimburse your eligible medical expenses after applying the deductible and coinsurance, subject to the terms of the plan.

Please remember to submit your bills and receipts as soon as you receive them. **Do not hold them until the end of the year.** IMG will apply eligible medical expenses to your deductible and coinsurance throughout the year.

Locating a Provider

Choosing the Right Provider

Whenever or wherever you travel within the U.S., it's comforting to know that the extensive Preferred Provider Organization (PPO) Network is there to serve you. The independent PPO includes hundreds of thousands of established, highly qualified physicians and hospitals, including some of the most well-recognized university medical centers and transplant facilities in the U.S.

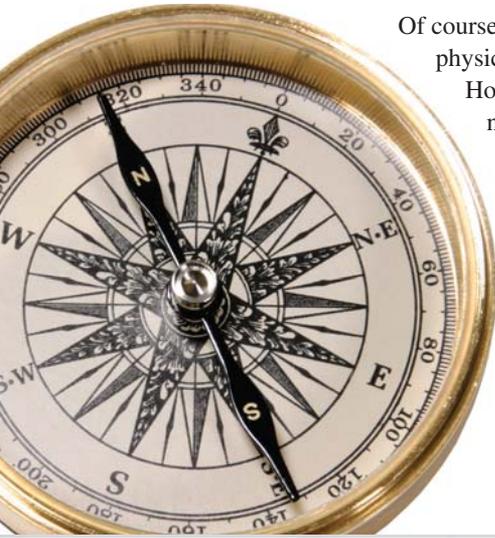

Of course, you have the freedom to choose any physician or health care facility you wish. However, choosing a provider in the PPO network can significantly reduce your out-of-pocket costs. Your deductible will be reduced by 50% and any coinsurance for that charge is waived when eligible treatment is received from a network provider.

Additionally, if you are seeking treatment outside the U.S., we provide you access to our International Provider AccessSM (IPA), a database that includes more than 17,000 highly qualified physicians and facilities that encompass a comprehensive array of specialties to handle any health care emergency.

You can instantly access a list of providers and facilities within the PPO and IPA network online at www.imglobal.com. The directories allow you to search by physician or facility name, specialty, or location.

Our goal is to provide quality medical coverage wherever you may be. The PPO and our IPA enable us to do just that, and our online directories put the information at your fingertips - anytime, anywhere.

Access a list of providers and facilities within the PPO and IPA network at www.imglobal.com.

APPENDIX A

Pre-existing Condition Exclusion

Unless the coverage you purchase provides otherwise, there is no coverage for any Illness, Injury or Mental or Nervous Disorder that, with reasonable medical certainty, existed on or at any time prior to the Initial Effective Date of this insurance, whether or not previously manifested or symptomatic, diagnosed, treated or disclosed on the Application or on any Claim Form or otherwise. Pre-existing condition also excludes any chronic, subsequent or recurring complications or consequences associated with or arising or resulting from these conditions. Following are a few examples of how this provision may be applied:

Example of Illness Covered:

- Your effective date is January 1, 2009.
- You see a doctor on February 1, 2009 for abdominal pain.
- Your doctor diagnoses you with appendicitis.
- This condition began after the effective date of coverage and may be covered.

Example of Illness Not Covered:

- Your effective date is January 1, 2009.
- You see your doctor on February 1, 2009 for chest pain.
- Your doctor diagnoses you with angina (heart pain).
- A cardiac cauterization reveals obstructed coronary arteries.
- Coronary artery by-pass surgery is recommended on an emergency basis.
- A medical review of the case, including possibly an independent peer review, is conducted.
- The review concludes that the condition began prior to the effective date of coverage; this condition would not be covered.

Another Example of Illness Not Covered:

- Your effective date is January 1, 2009.
- You see your doctor on February 1, 2009 concerning a lump in your breast that you had never before noticed and had never before bothered you.
- Your doctor diagnoses you with breast cancer.
- A medical review of the case, including possibly an independent peer review, is conducted.
- The review concludes that the condition began prior to the effective date of coverage; this condition would not be covered.

These examples are intended to outline how the Pre-existing Condition clause applies to a given situation. Please keep in mind that each medical situation is different and will be handled accordingly.

This information summarized above is provided to help you understand various provisions of the coverage you are purchasing, and in no way represents all the provisions, conditions and exclusions which may apply. Please refer to your Declaration of Insurance for more details. The Declaration of Insurance is not an insurance policy. It is an outline of the insurance provided to you by the Master Policy identified in your Certificate of Insurance. It does not extend or change the coverage provided by such Master Policy.

Once again we thank you for the opportunity to serve your International Insurance needs.
