

Overseas Travel

Medical Plan

Comprehensive short term medical protection for individuals traveling outside of their home country.

Why do you need the Overseas Travel Medical Plan?

Today, more and more people are traveling outside of their home country, either for business, recreation or personal reasons. Frequently, domestic health insurance does not provide coverage for overseas medical emergencies, and international travelers are unable to obtain this type of protection after they are outside of their home country.

Furthermore, most traditional health insurance does not provide coverage for expenses for an emergency medical evacuation, medical reunion, return of mortal remains, trip interruption or loss of checked luggage.

Who should apply for the Overseas Travel Medical Plan?

Anyone traveling outside of their home country needs the type of comprehensive protection the **Overseas Travel Medical Plan** provides.

If You are a citizen or resident of the United States (U.S.), You can purchase the **Overseas Travel Medical Plan** to travel anywhere **outside of the U.S.*** If You are a U.S. citizen residing out side of the U.S., You can purchase this protection as long as You hold a current and valid U.S. passport.

**(At this time, this program is not available to residents of Kansas, New York or Oregon.)*

If You are a foreign visitor traveling to the United States (U.S.), You can purchase the **Overseas Travel Medical Plan** as long as You provide us with your current and valid passport I.D. number.

What is 24-Hour Medical Emergency Protection?

The **Overseas Travel Medical Plan** includes a unique added benefit for You and Your family, **24 Hour Medical Emergency Protection**. Our emergency assistance services are superior and include:

Medical Benefits: Benefits will be paid for Reasonable and Customary Eligible Expenses incurred by You due to an accidental Injury or Illness up to the earlier of the maximum amount You chose after the Deductible and Coinsurance is satisfied, or the Expiration Date of Your Term of Protection. All bodily disorders, or bodily Injuries sustained in any one Accident, existing simultaneously which are due to the same or related causes shall be considered one Disablement. If a Disablement is due to causes which are the same or related to the cause of a prior Disablement (including complications arising therefrom), the Disablement shall be considered a continuation of the prior Disablement and not a separate Disablement.

The initial treatment of the Illness or Injury must occur within 30 days of the Accident or onset of the Illness.

Only the following, which are specifically enumerated in the following list of charges and which are not excluded, shall be considered as Eligible Expenses:

1. Charges made by a Hospital for room and board, floor nursing and other services inclusive of charges for professional service and with the exception of personal services of a non-medical nature; provided, however, that expenses do not exceed the Hospital's average charge for semiprivate room and board accommodation.
2. Charges made for intensive care, coronary care charges and nursing services.
3. Charges made for diagnosis, treatment and surgery by a Physician.
4. Charges made for an operating room.
5. Charges made for outpatient treatment, same as any other treatment covered on an inpatient basis. This includes ambulatory Surgical centers, Physicians' outpatient visits and examinations, clinic care, and surgical opinion consultations.

9. Dressings, drugs, and medicines that can only be obtained upon a written prescription of a Physician or surgeon.
10. Local transportation to or from the nearest Hospital or to and from the nearest Hospital with facilities for required treatment. Such transportation shall be by licensed ground ambulance only, within the metropolitan area in which You are located at that time the service is used. If You are in a rural area, then licensed ground ambulance transportation to the nearest metropolitan area shall be considered an Eligible Expense.

Emergency Medical Evacuation and Medically Necessary Repatriation: Benefits are paid for Eligible Expenses incurred up to the maximum shown in the Schedule of Benefits, if Injury or Illness commences during the Term of Protection results in Your Medically Necessary Emergency Medical Evacuation or Repatriation. The decision for an Emergency Medical Evacuation or Repatriation must be pre-approved and arranged by the Assistance Company in consultation with Your local attending Physician.

Emergency Medical Evacuation or Repatriation means: a) Your medical condition warrants immediate transportation from the place where You are located (due to inadequate medical facilities) to the nearest adequate medical facility where medical treatment can be obtained; or b) after being treated at a local medical facility as a result of a Medical Evacuation, Your medical condition warrants transportation with a qualified medical attendant to Your Home Country to obtain further medical treatment or to recover; or c) both a) and b) above.

Eligible Expenses are expenses for transportation, medical services and medical supplies necessarily incurred in connection with Your Emergency Medical Evacuation or Repatriation. All transportation arrangements must be by the most direct and economical route. These Eligible Expenses must be: a) pre-approved and ordered by the Assistance Company and b) required by the standard regulations of the conveyance transporting You. Transportation means any land, water or air conveyance required to transport You and includes, but is not limited to, licensed ground and air ambulances, commercial airlines, and private motor vehicles.

Return of Mortal Remains: Benefits will be paid for the reasonable Eligible Expenses incurred up to the maximum as stated in the Schedule of Benefits, to return Your remains to Your current Home Country, if You die. Eligible Expenses include, but are not limited to, expenses for embalming, or cremation, a minimally necessary container appropriate for transportation, shipping costs, and the necessary government authorizations. All Eligible Expenses in connection with a Return of Mortal Remains or cremation must be pre-approved and arranged by the Assistance Company.

Emergency Medical Reunion: When You are eligible for an Emergency Medical Evacuation under this Plan and the Assistance Company and the attending Physician determine that it is necessary and prudent for one individual selected by You from Your current Home Country to be brought to where You are hospitalized and accompany You during Your return to Your current Home Country, benefits will be paid for the round trip economy-class transportation arranged by the Assistance Company. The benefits payable will include: All transportation in connection with an Emergency Medical Reunion, which must be pre-approved and arranged by the Assistance Company.

All transportation in connection with a Return of Minor Child(ren) must be pre-approved and arranged by the Assistance Company.

Interruption of Trip: If You interrupt Your trip due to one of the following reasons:

1. Death of Your Family Member; or
2. Your home made uninhabitable by fire or flood.

Benefits will be paid up to the maximum stated in the Schedule of Benefits, for the cost of reasonable, additional transportation expenses for the cost of economy travel, less the value of applied credit from an unused return travel ticket, needed to reach Your return destination.

Loss of Checked Luggage: Benefits will be paid up to the maximum shown in the Schedule of Benefits, for loss, theft or damage to baggage and personal effects, checked with a Common Carrier provided You have taken all reasonable measures to protect, save and/or recover Your property at all times. There will be a per article limit of \$50.

Accidental Death and Dismemberment: Benefits shall be paid up to the maximum noted on the Schedule of Benefits if You sustain an Accidental Injury. The Injury must:

- a) Occur during Your Term of Protection; and
- b) Occur within 60 days after the date of Accident causing such Loss.

Benefits payable for any such Loss shall be according to the Table of Losses noted below, as applicable to Your loss and if You incur more than one loss as the result of one Accident, only the largest of the amounts stated in the Schedule of Benefits shall be payable.

Principal Sum	Description of Loss (for Loss of)

50%	Hemiplegia (total paralysis of upper and lower limbs of one side of the body)
25%	Uniplegia (total paralysis of one limb)

Excess Benefits: All benefits, except Accidental Death and Dismemberment, shall be in excess of all other valid and collectible Insurance or other Indemnity and shall apply only when such benefits are exhausted. Other valid and collectible Insurance or other Indemnity for which benefits may be payable are Insurance programs provided by:

- a) Individual, group or blanket Insurance or coverage;
- b) Other prepayment coverage provided on a group or individual basis;
- c) Any coverage under labor management trustee plans, union welfare plans, employer organizational plans, employee benefit organization plans, or other arrangement of benefits for individuals of a group;
- d) Any coverage required or provided by any statute, socialized Insurance program;

PRE-CERTIFICATION

Pre-certification (notification to HPA) is required prior to all hospital admissions and inpatient/outpatient surgeries. In case of an Emergency Admission notification to HPA must be within 24 hours, or as soon as reasonably possible. This does not guarantee that benefits will be paid. Failure to notify HPA of an admission or surgery will result in a 40% reduction of Benefit payments. HPA does not guarantee payment to a facility or individual for medical expenses until HPA determines that it is an Eligible Expense.

DEFINITIONS

"Accident" or **"Accidental"** shall mean an event, independent of Illness or self inflicted means, which is the direct cause of bodily Injury to You. **"Coinsurance"** shall mean the percentage amount of Eligible Expenses, after the Deductible, which are Your responsibilities and must be paid by You. The Coinsurance amount is stated in the Schedule of Benefits. **"Deductible"** shall mean the amount of Eligible Expenses which are Your responsibility and must be paid by You before benefits under the Plan are payable. The Deductible amount is stated in the Schedule of Benefits. **"Disablement"** as used with respect to Eligible Expenses under the Medical Benefit section shall mean an Illness or an Accidental bodily Injury necessitating medical treatment by a Physician as defined in this Plan. **"Family Member"** shall mean Your spouse, parent, sibling or Child. **"Home Country"** shall mean the country where You have Your true, fixed and permanent home and principal establishment and for which You hold a current and valid passport. **"Hospital"** shall mean a Hospital (other than an institution for the aged, chronically ill or convalescent, resting or nursing homes) operated pursuant to law for care and treatment of sick or Injured persons with organized facilities for diagnosis and Surgery and having 24-hour nursing service and medical supervision. **"Illness"** shall mean sickness or disease of any kind contracted and commencing after the Effective Date of Your Plan and eligible under this Plan. **"Injury"** shall mean bodily Injury caused solely and directly by violent, Accidental, external, and visible means occurring while this Plan is in force and resulting directly and independently of all other causes under this Plan. **"Medically Necessary"** or **"Medical Necessity"** shall mean services and supplies received during the Term of Protection which are determined to be: 1) appropriate and necessary for the symptoms, diagnosis, or direct care and treatment of Your medical conditions; 2) within the standards the organized medical community deems good medical practice for Your condition; 3) not primarily for You, Your Physician's or another Service Provider's or person's convenience; 4) not Experimental/Investigational or unproven, as recognized by the organized medical community, or which are used for any type of research program or protocol; and 5) not excessive in scope, duration, or intensity to provide safe and adequate, and appropriate treatment. For Hospital stays, this means that acute care as an Inpatient is necessary due to the kinds of services You are receiving or the severity of Your condition, in that safe and adequate care cannot be received as an Outpatient or in a less intensified medical setting. The fact that any particular Physician may prescribe, order, recommend, or approve a service, supply, or level of care does not, of itself, make such treatment Medically Necessary or make the charge of an Eligible Expense under this Plan. **"Physician"** as used in this Plan shall mean a doctor of medicine or a doctor of osteopathy licensed to render medical services or perform Surgery in accordance with the laws of the jurisdiction where such professional services are performed, however, such definition will exclude chiropractors and physiotherapists. **"Reasonable and Customary"** shall mean the maximum amount that the Company determines is Reasonable and Customary for eligible Expenses You receive, up to but not to exceed charges actually billed. The Company's determination considers: 1) amounts charged by other Service Providers for the same or similar service in the locality were received, considering the nature and severity of the bodily Injury or Illness in connection with which such services and supplies are received; 2) any usual medical circumstances requiring additional time, skill or experience; and 3) other factors the Company determines are relevant, including but not limited to, a resource based relative value scale. For a Service Provider who has a reimbursement agreement, the Reasonable and Customary charge is equal to the amount that constitutes payment in full under any reimbursement agreement with the Company. If a Service Provider accepts as full payment an amount less than the negotiated rate under a reimbursement agreement, the lesser amount will be the maximum Reasonable and Customary charge. The Reasonable and Customary charge is reduced by any penalties for which a Service Provider is responsible as a result of its agreement with the Company. **"You, Your, Yours, or Yourself"** means the Eligible Person or Eligible Dependents.
